	MEMORANDUM FOR: 5 July 1955	
	MEMORANDUM FOR: 5 July 1955 James A. Cunningham, jr.	
	(Attention:	25X1A
		20,(1,
	SUBJECT : Matters Requiring Immediate Attention	
		.:
	I. A C-124 is required to move initial reconnaissance aircraft from	25X1A
	Burbank to the Test Site on 23 July. Kelly Johnson plans to load the aircraft on Sunday 24 July and take off early Monday morning, 25 July. Arrangements	
1 0	to obtain this aircraft will be discussed by Messrs. Bissell,	
	the south and services and	
5X1 <i>F</i>		
	2. Kelly Johnson believes he requires no significant support by air	
V4 A	weather personnel during the early tests. Accordingly, the weather room at	•
X1A	cartainty with not be needed before I October. On the other hand,	
	the Lockheed people will wish to be able on occasion to transmit weather inform	ma-
j.,	tion over regular TWX circuits, presumably from Burbank. If the regular	
Marie Comment	be desirable occasionally to obtain weather information from	1 25)
(1A [but arrangements for so doing can best be worked out after the test base] / ′
, , , , _[is sperational.	
	 Lockheed is making no provision for any kind of aeromedical person 	mel
	or for any medical facilities at the test base. Since there will be something	anel
	or for any medical facilities at the test base. Since there will be something over fifty people at the base from the very beginning, for whom some limited	mei
